

Working Prototype Known Problems Report

Coursierge
June 5th, 2018

Problem List:

- 1) Rotation glitch: Disconnects and immediately reconnects (emulator only)
- 2) Rare occasions of app crashing when streaming is live(Publisher) and Back button is pressed. (Root cause: TokBox API's end)
- 3) Android Keyboard (AOSP keyboard) on emulator will occasionally crash when selecting (?123) option i.e. changing keyboard to numbers and symbols.
