

Sprint 2 Plan
Coursierge
Sprint Completion Date: May 3, 2018
Revision 1, April 24, 2018

Goal: We want a nice and welcoming UI for users to easily use our product. Also, we want a method for professors to share their classroom content directly to the audience as a nice feature.

User Stories:	Tasks:
As a user, I want a clean and creative UI to allow me to easily establish a connection to lectures.	<ol style="list-style-type: none">1. Implement background image and buttons on Main Menu to distinguish between student and professor. (2 hour)2. Add a colored background and textbox for student to enter classroom name in Student activity (1.5 hour)3. Add a nice background/UI and textbox for professor to enter classroom name to begin streaming. (1.5 hour)
As a user, I want a reliable connection to watch or broadcast classroom content.	<ol style="list-style-type: none">1. Fix landscape orientation connection issue for student (4 hours)2. Fix landscape orientation connection issue for professor (4 hours)
As a professor, I want to have a method to switch between casting a file or sharing a file over a connection to mobile devices or camera stream.	<ol style="list-style-type: none">1. Sharing power point files over camera. (8+ hours)2. Sharing other lecture slides over file stream. (8+ hours)

Total Hours: 33

Team Roles:

All members – Developers
